ACCOMODATION

Accademia di Belle Arti di Bologna do not have a university residence but, if you need help you can contact the Erasmus office at this email address: erasmus@ababo.it

If you want to look for the house independently, we give you some tips:

The best solution in relation to the quality / price is to look for an apartment, rented by private individuals, and shared with other students.

You can look for a "stanza singola" are the individual rooms where there is only one student, the average cost is around 350/400 euros excluding utilities; or you can choose a "stanza doppia" a room shared with another student, the average cost is around 250/300 euros utilities excluded.

In many announcements you will find specified if the apartment is "dentro le mura" literally "inside the walls" that is in the city center or "fuori mura" - "outside the walls" it means that the apartment is in the suburbs. The apartments "fuori mura" are generally cheaper, but for moving you may need a bus pass or a bicycle.

The best web pages to search for home are:

ATTENTION:

Looking for a house can take time, so we advise you to arrive in Bologna a week early on the start of lessons.

We suggest you to take appointments to see houses a week before your arrival BUT never pay for it before you actually see it. It is much better spend the first nights in a Hostel or Air B'n'B and take your time to choose your house.

Never give money before visiting the house (not even for deposit) It could be a fraud !
